

Fork positioner

ZVP-S-TGZ
ISO II

telescopic forks, constant sideshift

The **ZVP-S-TGZ** is a combination of fork positioner and telescopic forks that enables quick and cost effective loading and stacking especially when loading and unloading from one side of a vehicle. The unit copes with a variety of logistical needs including different pallet sizes and load dimensions. The telescopic forks feature 100% synchronised reach movement for ease of use. As this fork positioner spreads the forks beyond the frame width, it is ideal for handling wide goods and pallets. Clamping not allowed. Fork pockets feature +2mm wear resistant mangan steel wear zone as standard.

- 3 hydraulic functions required
- includes hoses and couplings
- bolt-on TGZ as standard
- protection strip with integrated hose guide as standard
- standard with easily replaceable wear zones and fork tip made of solid steel to reduce service costs

- thicker mangan steel wear zone (+6 mm) ISO II upon request
- pallet stop ISO II (see page 198) upon request:
 - A) 75 mm on the fork pocket sides
 - B) 400 mm
 - C) 850 mm
 type B and C reduce the useable length by 50 mm
- different pallet stop positions upon request
- solenoid valve upon request (12 V, 24 V, 48 V, 80 V - please specify)
- for ISO type B mounting upon request ISO II
